- Purebred and crossbred entries may be purchased females or market hogs, but must be owned by the junior exhibitor, the exhibitor's family name, or exhibitor's farm name, 60 days prior to the date of show, or by the specified ownership deadline.
- Gilts and market hogs must meet all registration eligibility requirements of their respective breed associations. NSR/ABA/CPS field staff or qualified representatives will inspect all gilts and market hogs for breed eligibility.
- Any gilts or market hogs that do not meet eligibility requirements may not be used for showmanship. All efforts will be made to help these youth find replacements to use in showmanship.
- In order to show a crossbred gilt or barrow, you must show one purebred for every one crossbred.
- Breeding gilt classes will be broken according to farrowing dates, with class size as equal as possible.
- Crossbred breeding gilt and all market hog classes will be broken according to weight, with class size as equal as possible.
- There must be a minimum of 10 animals exhibited before a class will be split.
- A minimum of eight hogs must be shown per breed, including crossbred, in order to receive the full, published premiums. If less than eight head show up per breed, the champion and reserve champion will receive half of the published premiums. Class placings are excluded from this rule.
- A minimum of 100 barrows (both purebred and crossbred) must be exhibited in order for full champion and reserve champion overall premiums to be awarded. The top three hogs in each class will be re-weighed. Hogs must not be more than 15 pounds over or under card weight. If the hog weighs out, it will be dismissed from the class. (Exception: NBS® Junior Barrow Classic entries will be weighed by Hormel. No weigh backs will take place.)

A committee of 3 or more NSR, NJSA, Team Purebred, CPS, ABA or veterinarian staff will make the decision if the gilt or market hog is too sick or injured to compete. If the determination is made that the hog is too injured or sick to compete, the reserve will move up. Only reserve will move up, no 2nd place class winners.
- All purebred animals are to be guaranteed negative of the stress gene to be exhibited at a NSR or NJSA event.
